Welcome To The Program!

As a member of our unique and personalized pharmacy, we carry the most prescribed medications in America, at **NO COST** to you! Prescription drug prices have skyrocketed over the last few years to the point where people can no longer afford them. You shouldn't have to choose between feeding your family or taking your medication. We have created a new concept where you can **PAY NOTHING** for your prescriptions like Atorvastatin, Duloxetine, Simvastatin, Losartan, Levthyroxine, Metoprolol, Sildenafil and **MANY** more when you join our membership program and use our **HOME DELIVERY SERVICE**

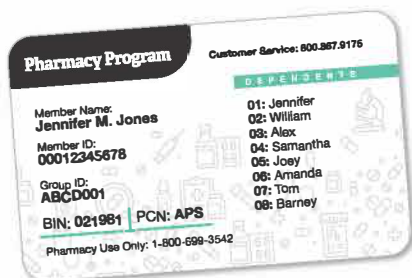

Let's Get Started...

www.symphonyrx.com

It's Easy To Use & Easy To Save!

Below Is Everything You Need To Begin Using Your New Pharmacy Program

Every member is issued a digital membership ID card, and can be printed or downloaded to your phone. This card has all of the information you or your Doctor will need to send prescriptions. Your card can be used at over 64,000 locations for your acute medications and to order all of your chronic medications for FREE home delivery.

All family members are on your card for eligibility as well as phone numbers and important information for your doctor to send prescriptions

You will have 24/7 access to a Member Portal that has your account details, digital membership ID card, drug formularies, privacy information, allergies, medical conditions, program documents and more!

Maintenance drugs are medications prescribed for chronic, long-term conditions and are taken on a regular, recurring basis like hypertension, high cholesterol, depression, and acid reflux to name a few. We have over 480 drugs that fall into this category. Your doctor will need to send the 90-day prescription to our home delivery location. These drugs are shipped to your home for FREE.

Over-The-Counter medications do not require a prescription, and can be purchased for every day use. We offer the most used OTCs like Ibuprofen, Vitamin C, Calcium Acetaminophen, and others that your family uses daily at competitive prices. If ordered alone there is a \$25 minimum purchase of OTCs to get FREE shipping.

Our experienced team of Licensed Pharmacists provide the highest level of care when members need it most. We will transfer all of your prescriptions for you and we educate members on possible medication options and opportunities to save additional money. For brand name and specialty medication needs, we have a Patient Assistance Program (PAP) to make these more affordable as well. This is a need based program so you will need to qualify, but we will consult with you and your doctor to inform you of your options and help you make the best decision for your personal and financial health.

Your doctor can ePrescribe, fax, or call in your prescription directly to our home delivery facility. Our staff will receive the script and contact you to verify personal and payment information.

Members with Diabetes will get a FREE starter kit which includes: a bi-lingual glucose meter, testing strips, lancing device, lancets and more. Our program was designed to be cost-effective and convenient bringing you some of the lowest prices available on testing supplies delivered to your home for free. If you are using insulin, we offer vials of ReliOn™ Novolin 70/30, N and R for \$19.88 per vial and pens per box for \$37.88 through our exclusive partner Walmart, where your doctor can prescribe to and you can pick up at over 5200 locations.
